- null angle
- straight angle
- full angle

d)

- right angle
- straight angle
- full angle

2)

What type of angle is shown? Mark the correct answer!

a)

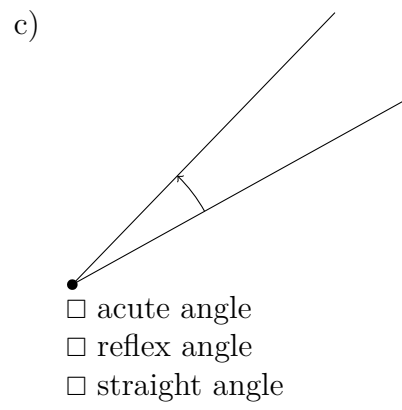

- reflex angle
- right angle
- obtuse angle

- acute angle
- reflex angle
- obtuse angle

- right angle
- acute angle
- obtuse angle

- acute angle
- reflex angle
- straight angle

3)

What type of angle is shown? Mark the correct answer!

a)

- reflex angle
- right angle
- obtuse angle

b)

- acute angle
- full angle
- obtuse angle

4)

What type of angle is shown? Mark the correct answer!

a)

- reflex angle
- obtuse angle
- acute angle

b)

- straight angle
- obtuse angle
- acute angle

c)

- reflex angle
- acute angle
- straight angle

d)

- reflex angle
- obtuse angle
- acute angle

Good Luck!
