Problem quickname: 7948

1)

Count each the symbols! Continue as shown in the example.

Quick:
7948

a)
$$\begin{array}{cccccccc} \star & \star & \text{house} & \star & \text{house} & \star & \star & \star & \star & \text{house} \\ \star & \star & \star & \star & \star & & & & & \end{array}$$

$\star = 6$ $\star = 6$
 $\text{house} = 3$

b)
$$\begin{array}{cccccccccccc} \text{envelope} & \circ & \text{heart} & \circ & \circ & \circ & \circ & \text{heart} & \circ & \text{envelope} \\ \circ & \circ & \circ & \circ & \text{envelope} & \text{heart} & & & & & & \end{array}$$

$\text{envelope} = 3$ $\circ = 9$
 $\text{heart} = 3$

c)
$$\begin{array}{cccccccc} \bullet & \text{phone} & \text{phone} & \text{heart} & \text{heart} & \bullet & \bullet \\ \text{heart} & \bullet & \text{heart} & \text{phone} & \text{heart} & \text{phone} \\ \text{phone} & \text{heart} & & & & & \end{array}$$

$\bullet = 4$ $\text{phone} = 5$
 $\text{heart} = 6$

d)
$$\begin{array}{cccccccc} \triangle & \triangle & \text{house} & \text{phone} & \triangle & \triangle \\ \triangle & \text{phone} & \text{house} & \text{phone} & \text{house} & \text{phone} \\ \text{phone} & \text{house} & \text{house} & & & & \end{array}$$

$\text{house} = 5$ $\triangle = 5$
 $\text{phone} = 5$

e)
$$\begin{array}{cccccccc} \text{lightning} & \bullet & \bullet & \bullet & \bullet & \text{lightning} & \text{lightning} & \bullet & \bullet \\ \bullet & \bullet & \star & \text{lightning} & \text{lightning} & \star & & & \end{array}$$

$\star = 2$ $\bullet = 8$
 $\text{lightning} = 5$

f)
$$\begin{array}{cccccccc} \triangle & \triangle & \bullet & \bullet & \triangle & \bullet & \bullet & \bullet & \bullet \\ \text{house} & \text{house} & \text{house} & \triangle & \text{house} & \triangle & & & \end{array}$$

$\text{house} = 4$ $\bullet = 6$
 $\triangle = 5$

2)

Count each the symbols! Continue as shown in the example.

Quick:
7948

a)
$$\begin{array}{cccccccc} \text{heart} & \text{heart} & \text{tent} & \text{heart} & \text{tent} & \text{tent} & \text{heart} \\ \text{heart} & \text{heart} & \text{tent} & \text{tent} & \text{tent} & & \end{array}$$

$\text{heart} = 6$ $\text{tent} = 6$

b)
$$\begin{array}{cccccccc} \text{envelope} & \text{envelope} & \text{tent} & \text{tent} & \text{tent} & \text{tent} & \text{envelope} \\ \text{envelope} & \text{tent} & \text{envelope} & \text{tent} & \text{envelope} & & \end{array}$$

$\text{tent} = 6$ $\text{envelope} = 6$

c)
$$\begin{array}{c} \square \square \blacktriangleright \blacktriangleright \square \square \blacktriangleright \\ \blacktriangleright \square \square \square \square \end{array}$$

$$\square = 8 \quad \blacktriangleright = 4$$

d)
$$\begin{array}{c} \square \blacktriangle \blacktriangle \blacktriangle \blacktriangle \blacktriangle \blacktriangle \\ \blacktriangle \square \blacktriangle \square \square \end{array}$$

$$\square = 4 \quad \blacktriangle = 8$$

e)
$$\begin{array}{c} * \triangle * \triangle * * * \triangle * \\ * * \triangle \end{array}$$

$$\triangle = 4 \quad * = 8$$

f)
$$\begin{array}{c} \square \square \blacktriangle \square \blacktriangle \blacktriangle \blacktriangle \square \\ \square \square \square \square \end{array}$$

$$\blacktriangle = 4 \quad \square = 8$$

3)

Count each the symbols! Continue as shown in the example.

Quick:
7948

a)
$$\begin{array}{c} \heartsuit \square \square \square \heartsuit \heartsuit \square \heartsuit \\ \heartsuit \square \square \square \end{array}$$

$$\heartsuit = 4 \quad \square = 4$$

b)
$$\begin{array}{c} \heartsuit \heartsuit \blacktriangleright \heartsuit \heartsuit \heartsuit \blacktriangleright \\ \heartsuit \end{array}$$

$$\blacktriangleright = 2 \quad \heartsuit = 6$$

c)
$$\begin{array}{c} \heartsuit \blacktriangleright \blacktriangleright \blacktriangleright \heartsuit \heartsuit \heartsuit \\ \blacktriangleright \heartsuit \heartsuit \heartsuit \end{array}$$

$$\blacktriangleright = 4 \quad \heartsuit = 4$$

d)
$$\begin{array}{c} \square \heartsuit \heartsuit \square \square \heartsuit \square \heartsuit \\ \heartsuit \square \square \square \end{array}$$

$$\heartsuit = 4 \quad \square = 4$$

e)
$$\begin{array}{c} \square * * * \square \square * * \\ * * \square \square \end{array}$$

$$* = 5 \quad \square = 3$$

f)
$$\begin{array}{c} \triangle \triangle \triangle \triangle \blacktriangle \blacktriangle \\ \triangle \triangle \end{array}$$

$$\triangle = 6 \quad \blacktriangle = 2$$

4)

Count each the symbols! Continue as shown in the example.

a)

$\text{cloud} = 4$ $\text{envelope} = 5$
 $\text{tent} = 10$ $\text{star} = 1$

b)

$\text{house} = 4$ $\text{circle} = 5$
 $\text{dot} = 9$ $\text{star} = 2$

c)

$\text{envelope} = 6$ $\text{star} = 2$
 $\text{tent} = 9$ $\text{house} = 3$

d)

$\text{envelope} = 5$ $\text{dot} = 4$
 $\text{star} = 7$ $\text{telephone} = 4$

e)

$\text{tent} = 1$ $\text{triangle} = 8$
 $\text{cloud} = 6$ $\text{lightning bolt} = 5$

f)

$\text{dot} = 2$ $\text{triangle} = 4$
 $\text{house} = 7$ $\text{star} = 7$

Good Luck!
