Problem quickname: 3914

1)

Measure the length of the line segment exactly to the millimetre.

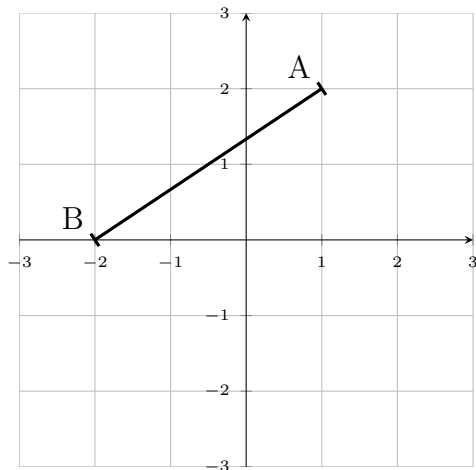

Quick:
3914

a)

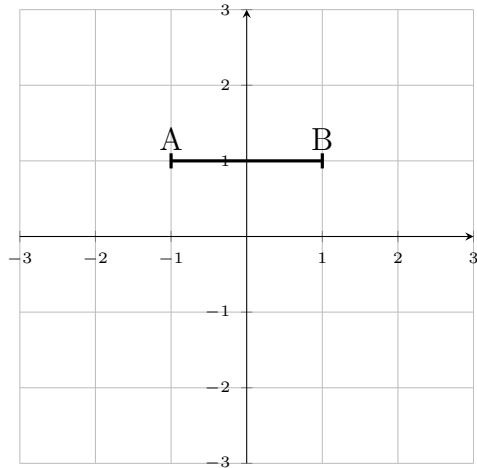

Length of line segment: 3cm

b)

Length of line segment: 3.6cm

c)

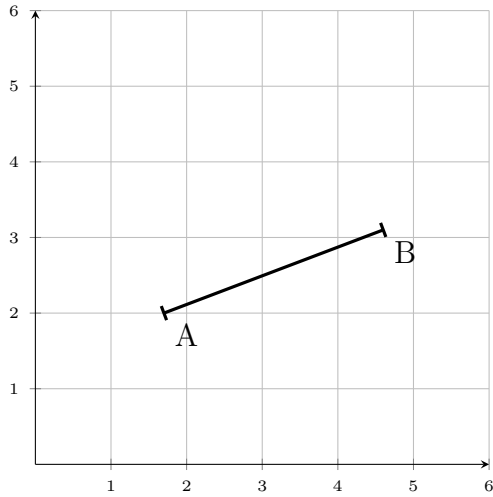

Length of line segment: 2cm

2)

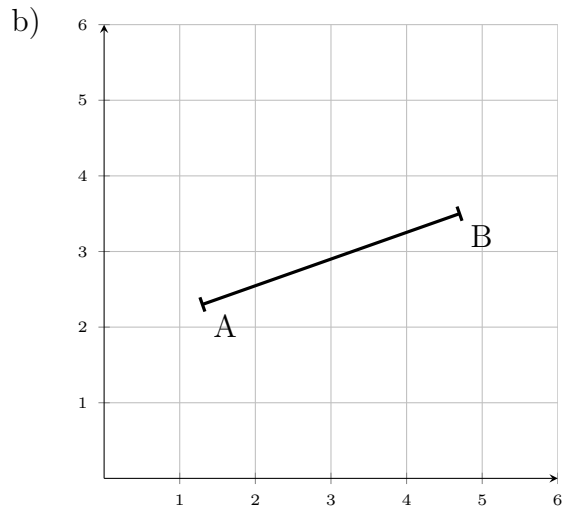

Measure the length of the line segment exactly to the millimetre.

Quick:
3914

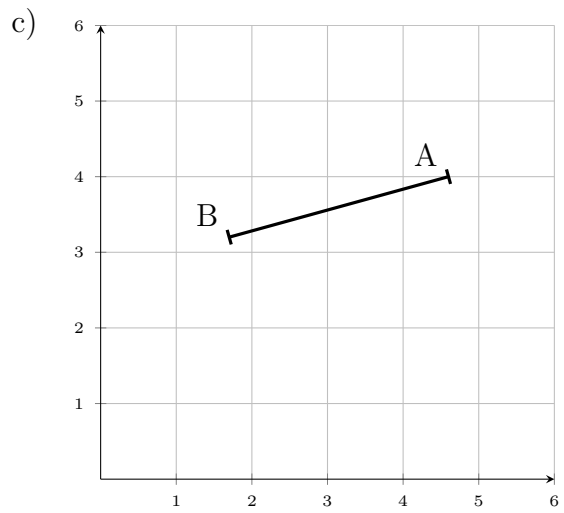

a)

Length of line segment: 3.1cm

Length of line segment: 3.6cm

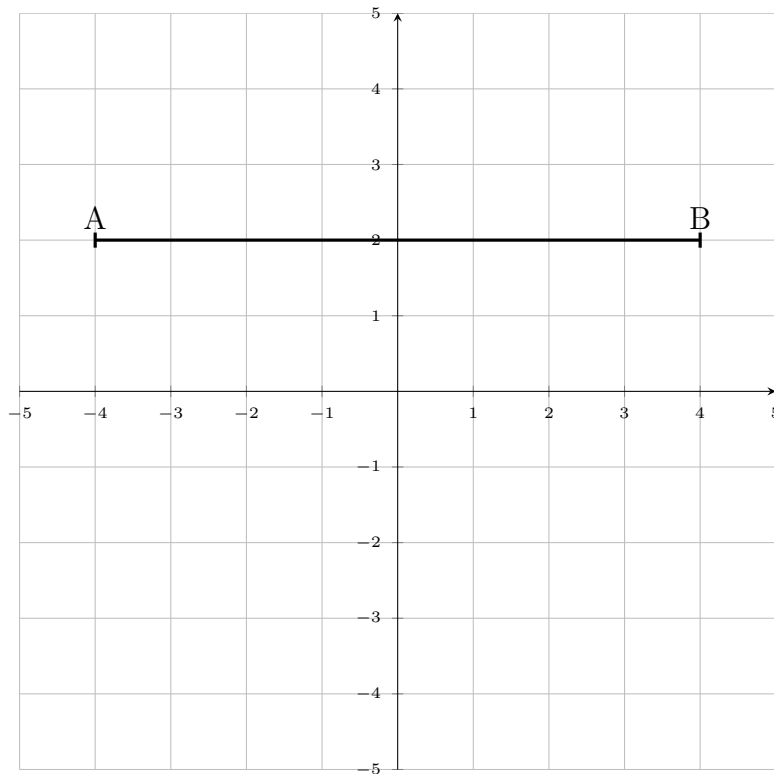

Length of line segment: 3cm

3)

Measure the length of the line segment exactly to the millimetre.

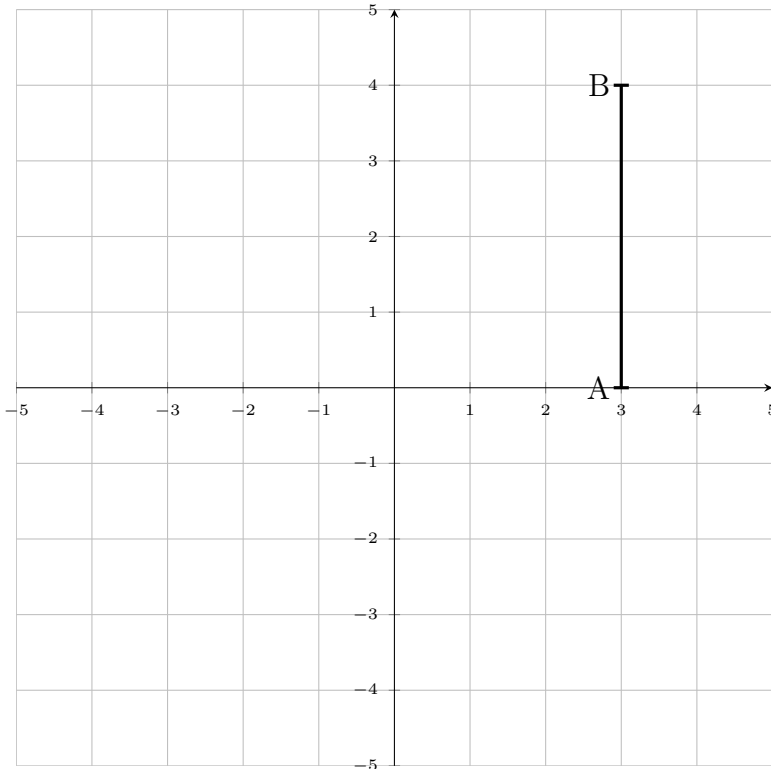

Quick:
3914

a)

Length of line segment: 8cm

b)

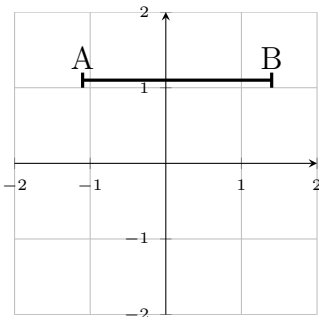

Length of line segment: 4cm

4)

Measure the length of the line segment exactly to the millimetre.

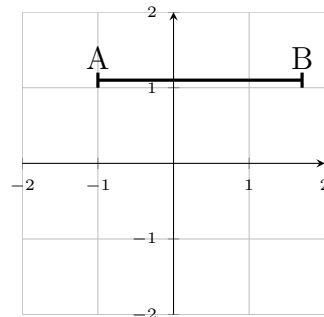

Quick:
3914

a)

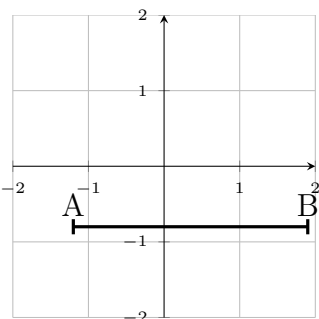

Length of line segment: 2.5cm

b)

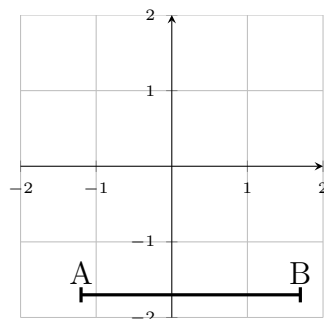

Length of line segment: 2.7cm

c)

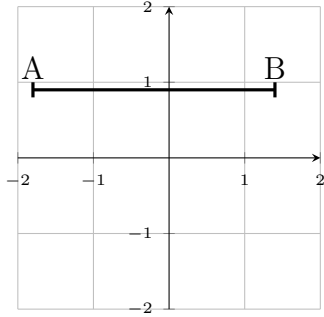

Length of line segment: 3.1cm

d)

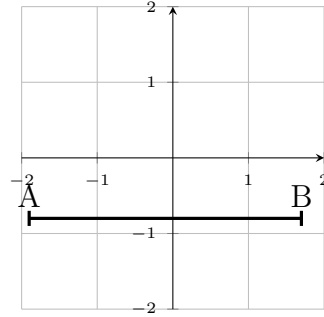

Length of line segment: 2.9cm

e)

Length of line segment: 3.2cm

f)

Length of line segment: 3.6cm

Good Luck!
